

TEACH @ LEAD

IS A COMMUNITY MENTORSHIP PROGRAM THAT TEACHES UNIVERSAL PRINCIPLES TO LEAD AT-RISK KIDS INTO A LIFE OF PURPOSE & POTENTIAL.

Because of you, 3,315 kids were restored in 2012. You brought to them character building principles, superb mentors, and extraordinary hope. Your partnership in this mission is a sacred trust that I value deeply.

As I look at the triumphant year past, I want to encourage you to be a part of the challenging new year with the same fervor. We must continue rescuing kids who are in trouble and in deplorable situations. Their life will amount to nothing unless we fight for their future.

Teach One to Lead One is a powerful solution in the hands of caring adults who want to reach the next generation. In 2012, we equipped hundreds of adult mentors to positively impact the lives of thousands of our nation's hurting kids. Their challenges are great, our fight for them must be greater. I know of 3,315 kids full of extraordinary hope and we owe that to you,

the proof AT-RISK YOUTH

Mark is a middle school kid in the 8th grade, he loves to play basketball, he has no father at home, he has several younger siblings, he is overwhelmed trying to take care of his home while his mother works, he was expelled from his traditional school and was transferred to an alternative school, he was enrolled in the T1L1 program, his T1L1 mentors visited him at home, they invited him to church and to join the youth group, he not only joined the youth group but went on his first mission trip of his life.

BECAUSE OF YOU, A YOUNG BOY WENT FROM BEING IN TROUBLE TO HELPING OTHERS.

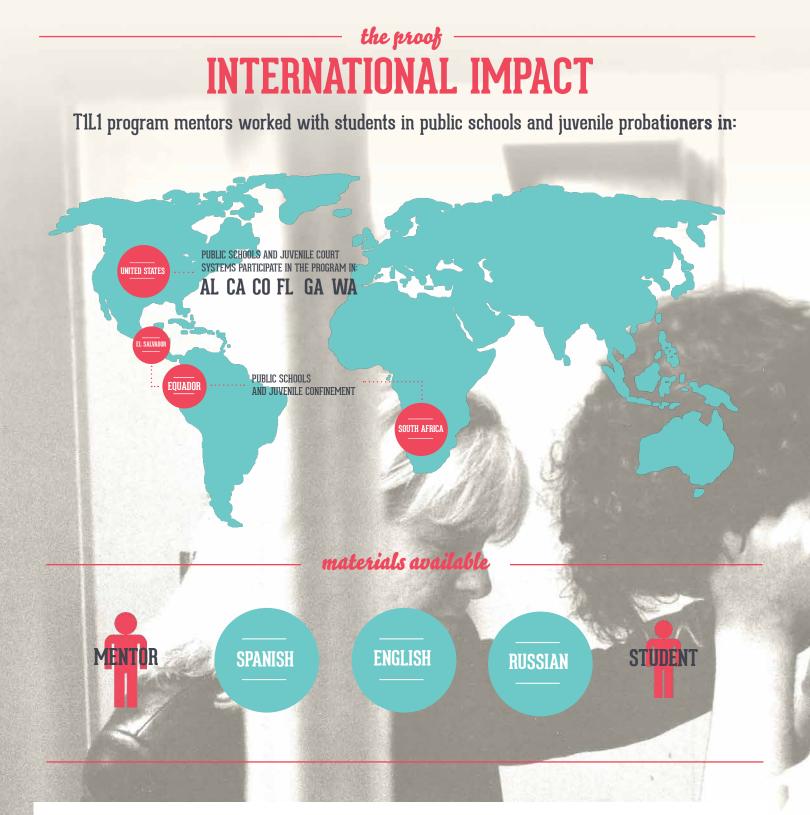

the proof **MENTORS & VOLUNTEERS**

Ricardo

is high school boy who came home to find his step-father stabbing his mother, he desperately took a baseball bat and beat his step-father to try to save his mother, the police came and arrested his step-father, an ambulance took his mother to ICU, she was seriously hurt but survived, the principal at Ricardo's school heard about the tragic event and placed Ricardo in the T1L1 program at their school, T1L1 mentors worked with Ricardo, encouraged him and gave him guidance, he is now an honors student.

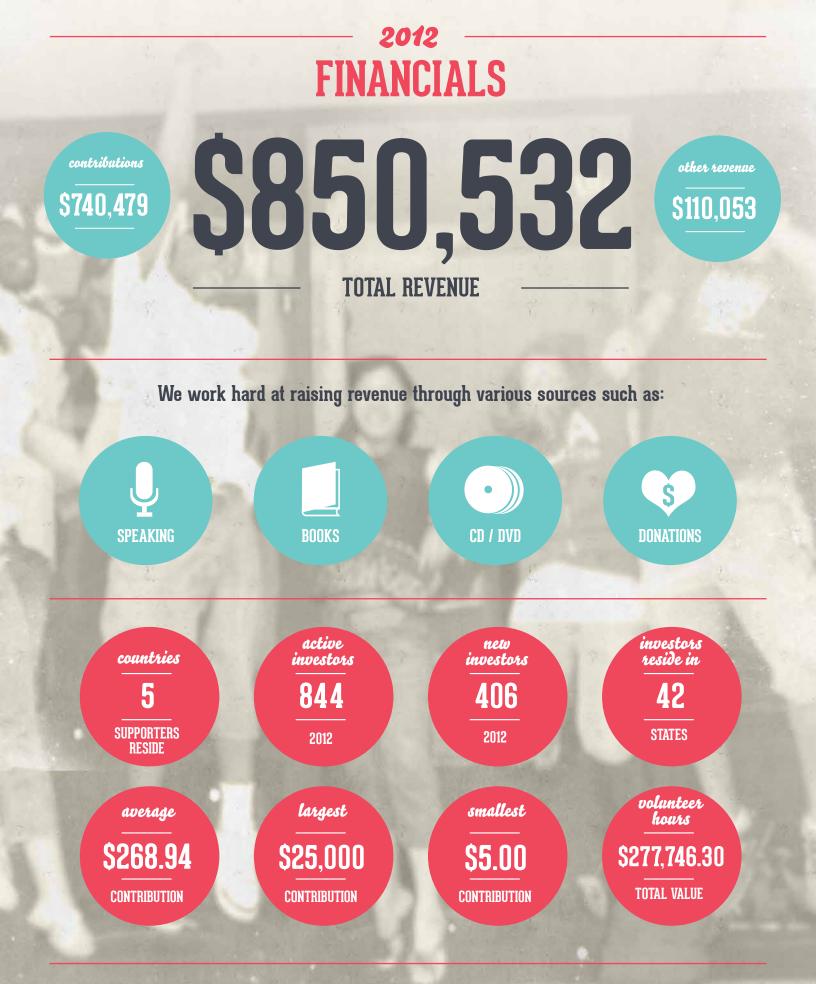

BECAUSE OF YOU, A YOUNG MAN DID NOT BECOME A SAD STATISTIC BUT IS THRIVING TODAY.

In my over 40 years of experience, [Teach One to Lead One] is the only program I have seen that is able to take at-risk juveniles and turn them around.
